VOLUNTEERING

02/2021 – CURRENT Çanakkale

GDG Google Developers Group - Çanakkale

GDG (GOOGLE DEVELOPER GROUPS) ÇANAKKALE

As a graphic designer at GDG (Google Developer Groups), I've been doing a lot of work in graphic design and social media. In the field of design and production, the design materials are kind of the same, but we have to make the final products look well.

So let's get some information about Google Developer Groups:

GDG (Google Developer Groups) are Google-supported developer groups that follow technology, especially Google technologies, and develop themselves and train their participants or organize events on these issues. To learn more about the GDG program, visit <https://developers.google.com/community/gdg/>
